Sphingnotus insigninis (black/green)	1.00	Sphingnotus sp (blue)	3.00
Iothocera sp.	5.00	Cornucoparia sp	3.00
Pelargoderus sp	2.00	Hoplocerambyx sp.	5.00
Glenea sp.	1.00		

Family *Buprestidae*

All Buprestids are sold individually, but males and females are available for some species. These are rare and expensive insects, but it can be quite difficult and even dangerous to find and collect these beautiful beetles which are sometimes only available for a short period each year.

Description	Price US\$	Description	Price US\$
<i>Calodema bifasciata</i> - very rare	125.00	<i>Calodema regale blairi</i> - rare	90.00
